WHY TO GO TO CANADA

- Canada is the second largest country in the world by area and has a population of 37 million. It is politically stable with a strong record of economic growth.
- The economy of Canada is a highly developed market economy. It is the tenth GDP by face value and the sixteenth by GDP in the world.
- Canada has the fourth largest estimated total value of natural resources, valued at US \$ 33.2 trillion in 2016. Canada has the third largest proven oil reserve in the world and is the fourth largest oil exporter.
- Canada also has a sizeable manufacturing sector, very strategic for Italy, with the automotive industry and the aviation industry being particularly important.
- For Canada, **Italy** is the seventh import country in the world and the second in Europe. Italian imports into Canada recorded a growth of 5.8%.
- the most important sectors for **Italian SMEs** are: **agri-food and wine, mechanics and pharmaceuticals.**
